

1997

THE BEGINNING OF THE STORY

A flooded boiler house got a new owner – and a new purpose: to become a place of help for the needy **and the message of Christ.**

2002

TRANSFORMATION

The boiler house was transformed into Elim, a center with clubrooms, a gymnasium, and offices, and began serving its community and helping people from a wide area.

2002 – 2024

ELIM MINISTRY

Elim has become home for a foster care ministry, a club for at-risk youth, boy scouts, a crisis center, Awana, a Lego club, volunteering opportunities, family support services, sports, and an event space for the community. **And since 2017, it is home to a church plant of the Evangelical Brethren Church.**

2024

FLOOD

The piles of destroyed equipment weren't the worst – the worst is the destroyed gymnasium and offices.

IT'S ELIM WHO NEEDS HELP NOW.

July 2025

RESTART

Our church life has not stopped and we are still here for all who need us. However, we want to be here in the summer of 2025 with our facilities restored – ready to serve for the next 30 years. **But we can't do it alone.**
